Import/Export Company Identification in Refinitiv Eikon

Login to Refinitiv Eikon and open an excel sheet to export Company identification.

Step 1: Click on Refinitiv Eikon then select Build Formula

Import Company identifiers >> Click on the Reference Box

Select Company identification and select symbol type then click on Select.

If you don't have a company's list search Company name directly in the search box

Step 2: Search for the required company and Click on Identifiers (under Reference & Identifiers)

Step 3: Add required identifiers and click on Insert

Output Data:

	A	B	C	D	E	F	G
1	Updated at 11:53:10						
2			CUSIP	ISIN	SEDOL	CUSIP (extended)	RIC
3		INFY.NS	NULL	INE009A01021	6205122	Y4082C133	INFY.NS
4
