

Vikram Sarabhai Library

Read Experience And Discover

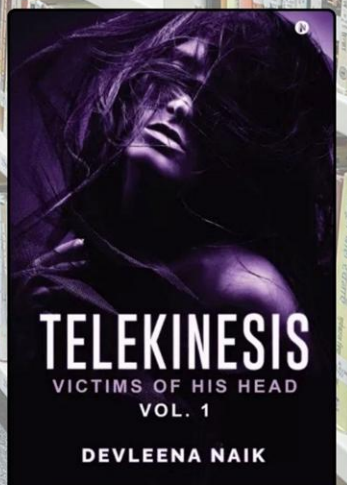

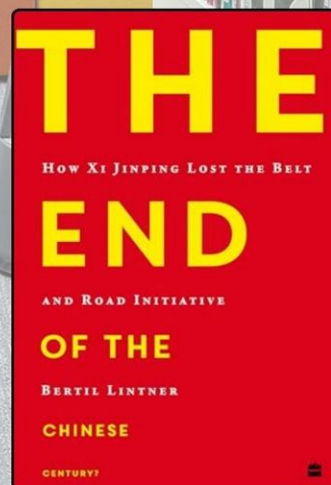

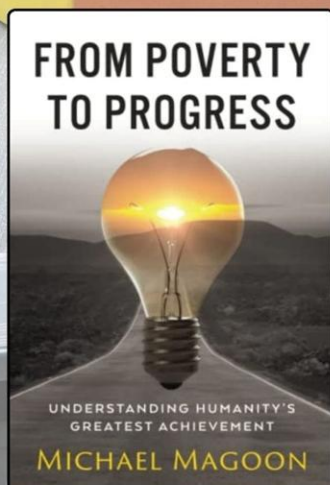

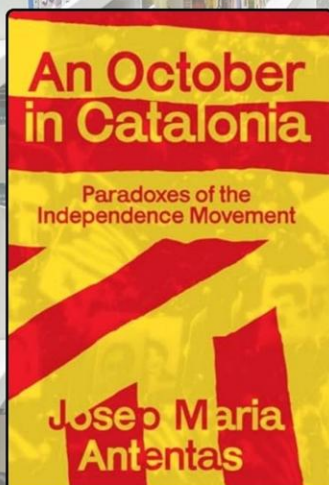

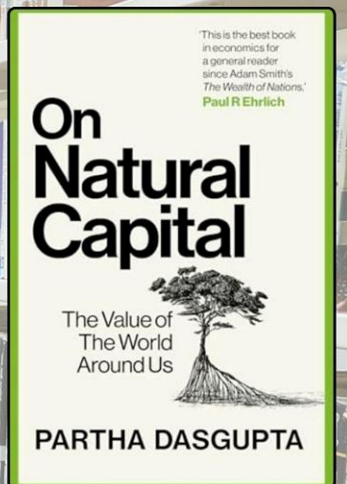

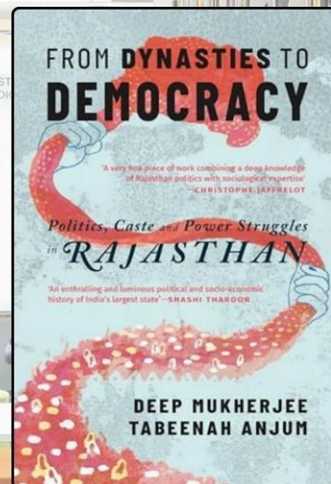

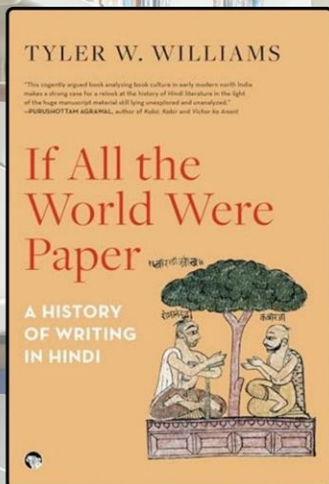

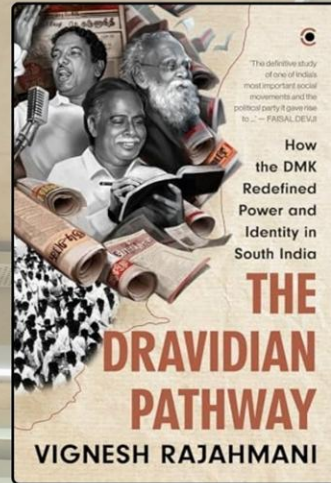

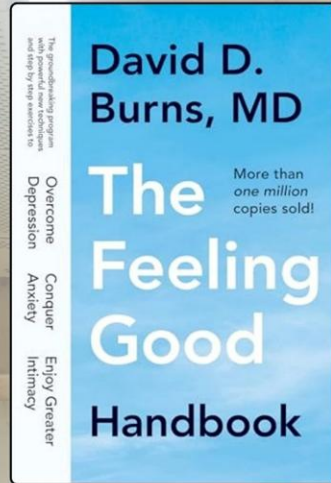

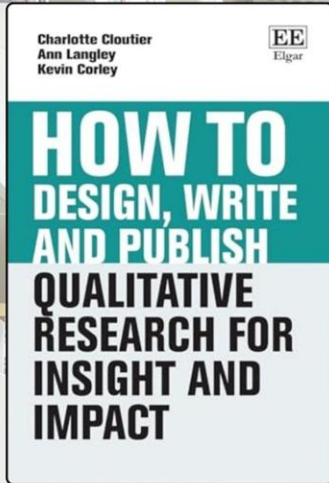

विद्याविनियोगाद्विक्रमः

The background of the entire image is an aerial photograph of the library's interior. The space is characterized by its high, vaulted brick ceiling and a large, central circular window. Several wooden study tables are arranged on the floor, with people seated at them, engaged in reading or work. The floor has a geometric tile pattern. The overall atmosphere is one of a modern, open-plan library space.

GENERAL

1

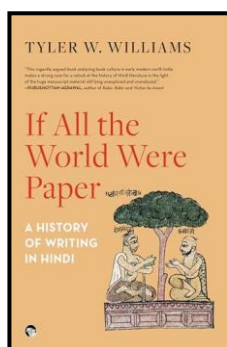

Documentary theatre in India: assembling publics, performing politics by Anuja Ghosalkar [Editor]. Bielefeld: Transcript Publishing, 2025.

792.0954 D6 (208527)

This book is as provocative as the kind of theatre it explores. It simultaneously examines and demonstrates the power of Documentary Theatre to challenge authoritative truth claims. Timely and urgent – not only in the Indian context but also beyond – this is a must-read for all practitioners, scholars, and passionate pedagogues of Documentary Theatre. If all the world were paper: a history of writing In Hindi by Tyler W. Williams. New Delhi: Speaking Tiger, 2025.

891.4309 W4I3 (208543)

How do writing and literacy reshape the ways a language and its literature are imagined? Combining close readings of literary and scholarly works with the study of hundreds of handwritten books from the precolonial era, If All the World Were Paper explores this question in the context of Hindi, the most widely spoken language in India and the fourth most widely spoken language in the world today. MANAGEMENT

ECONOMICS

7

The story of capital: what everyone should know about how capital works by David Harvey. New York: Verso Books, 2026.

335.412 H2S8 (208541)

The world's leading Marxist geographer and economist takes us by the hand to guide us through Marx's masterwork. For decades, David Harvey has been teaching Marx's work, particularly Capital, to great acclaim. He has analysed chapter by chapter - sometimes line-by-line - Marx's three volumes and the Grundrisse. ENVIRONMENT

10

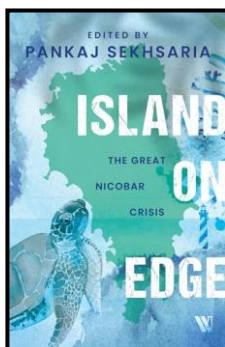

On natural capital: the value of the world around us by Partha Dasgupta. London: Witness Books, 2025.

333.72 D2O6 (208542)

For as long as they have existed, our economic models have served us an incomplete picture. The models and metrics tells us that our economies are healthy because they are growing. However, this doesn't account for the fact that our growth is driven by a resource that we take for free and treat as infinite: nature. [Click here for more details.](#)

14

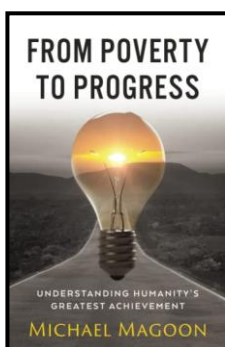

The end of the Chinese century? how Xi Jinping lost the belt and road initiative by Bertil Lintner. Gurugram: HarperCollins, 2024.

327.51 L4E6 (208544)

The Belt and Road Initiative, when first unveiled by Xi Jinping in 2013, was envisioned as even bigger and grander than America's Marshall Plan. Famously referred to as the 'New Silk Route', it proposed an overland 'Silk Road Economic Belt' connecting China with Europe through Central Asia and the 'Maritime Silk Road' that the Chinese claim existed in ancient times across the Indian Ocean.
